I am pleased to present the "Completed Annual Plan" of the Auditor General for the financial year 2025-26 pursuant to section 22 of the Public Audit Act 2007, (the Act). It has been prepared by the Auditor General and his staff describing his proposed work programme for the financial year, 2025-26.

The Completed Annual Plan development process as indicated in the Act, is a collaborative approach that seeks input from key stakeholders; the Hon Members of the Legislative Assembly and considering areas receiving attention at across all government agencies. I am sure that the Completed Annual Plan may well be subject to review and revision in which the Auditor General and his Office will continue to communicate with audited agencies throughout the year on any potential changes to their programs.

Ultimately, the Completed Annual Plan outlines how the Auditor General will discharge his duties and apply the resources that have been made available to him in the forthcoming financial year. At the same time, it gives the Legislative Assembly an appropriate basis for holding the Auditor General to account for the performance of his Office during 2025-26.
